[Parametric Design and 1:1 Digital Fabrication Methods] | Bucharest

[RO]

_CUM SA APLICI:

Pentru a participa la workshop, trimite-ne un email la dd.fab.lab@gmail.com si spune-ne in cateva cuvinte ce ai vrea sa inveti din experienta aceasta si la ce crezi ca te-ar ajuta. Deasemenea ataseaza mesajului **un poster A4** in care sa ne arati cateva imagini din ultimele tale lucrari. Ne-ar ajuta sa ne dam seama mai bine de experienta pe care o ai in utilizarea softurilor de modelare. Sa nu uiti sa ne spui daca ai cunostinte de programare sau daca ai mai lucrat vreodata cu Grasshopper.

Ne-am propus sa punem la bataie **60 de locuri**.

Deoarece numarul participantilor este limitat, asteptam mesajele voastre cat mai curand.

DATA LIMITA PENTRU TRIMITEREA APLICATIILOR: 18 mai 2011

_SA FII SIGUR CA AI CU TINE:

_ un **laptop**

_ instalat **Rhinoceros 4 SR.8** + ultima versiune de **Grasshopper [0.8.0010]**

Daca nu ai deja Rhino instalat, poti descarca varianta trial de pe:

<http://www.rhino3d.com/download.htm>

Pentru a descarca Grasshopper: <http://download.rhino3d.com/Grasshopper/1.0/wip/download/>

_INVITATI:

Andrei Gheorghe [**Die Angewandte**]

Bence Pap [**ZHA Architects**]

_GAZDE:

Tudor Cosmatu [**AL-TU, T_A_I**]

Andrei Raducanu [**T_A_I**]

Irina Bogdan [**T_A_I**]

_HOW TO APPLY:

In order to participate at the workshop, send us an email at dd.fab.lab@gmail.com and let us know in a few words what you'd like to learn from this experience. Attach also **an A4 poster** that summarizes your latest work. Let us know what experience you have in using any kind of software for modeling. Also don't forget to mention whether you have prior experience in programming or if you've worked with Grasshopper before.

The number of **maximum participants is 60**.

Therefore apply as soon as possible.

DEADLINE FOR APPLICATIONS: 18th of May 2011

_MAKE SURE TO HAVE:

_ a **laptop** with you

_ **Rhinoceros 4 SR.8** + the latest version of **Grasshopper [0.8.0010]** installed

If you don't already have Rhino on your computer, you can use the trial version uploaded on:

<http://www.rhino3d.com/download.htm>

To download Grasshopper go to: <http://download.rhino3d.com/Grasshopper/1.0/wip/download/>

_GUEST TUTORS:

Andrei Gheorghe [**Die Angewandte**]

Bence Pap [**ZHA Architects**]

_HOST TUTORS:

Tudor Cosmatu [**AL-TU, T_A_I**]

Andrei Raducanu [**T_A_I**]

Irina Bogdan [**T_A_I**]
